PRESS RELEASE: Europe Incorporation

FOR IMMEDIATE RELEASE  
8/24/2018

### **Formers International announces incorporation in Europe**

August 24, 2018, Pasadena, TX – Due to customer demand in our European market, Formers International is excited to announce Formers International Europe, LTD. Formers International has filed a certificate of incorporation in Europe to further our growing global presence.

Formers International manufactures bespoke forming sets for vertical packaging machines to address the specific needs of food producers, snack packers, and OEMs. Formers International was established in 1975 in Houston, TX and since has grown worldwide.

Our European market continues to grow daily with the leadership from Jed Chamberlain and Pascal Bruneau and their combined 35 years of experience in manufacturing and engineering. Precision formers built for your needs is a guarantee. Formers International guarantees perfection in all we do, no matter the size, shape, or complexity of the formers we fit for our customers.

Formers International created the replacement bag former assembly industry over 40 years ago. Formers International works with top OEMs and their customers worldwide to innovate and develop patented technologies to better serve the packaging industry. We bring this expertise and experience to our own customers. Formers International has developed through years of experience and technological innovation by listening to the needs of our customers and creating bag forming assemblies with durability and safety in mind. We offer a range of products that recognize that not every need is the same.
